Labelling

For labelling details and safety instructions please refer to our safety data sheet at www.oli-lacke.de.

Instructions for use

- Basic care
Apply OLI-AQUA POLISHsport sports floor care 15.96 undiluted in an evenly thin film with a lint-free broad wetmop on the thoroughly cleaned floor. After an intermediate drying of 20-30 min, repeat the application. Coverage: 15-30 ml/sqm.
- Wiping care
Dilute OLI-AQUA POLISHsport sport sports floor care 15.96 with water (1-1,5 litres per 10 litres water). Wipe the floor with this dilution slightly damp, with a well wrung-out mop.

Application

1 Basic care

apply undiluted, thinly and evenly, approx. 15-30 ml/sqm

approx. 20-30 min

apply undiluted, thinly and evenly, approx. 15-30 ml/sqm

approx. 20-30 min

if necessary, polish with a white pad for surface consolidation

2 Wiping care

Care of sports flooring: dilute with water at a ratio of 1 : 10

wipe slightly damp with a well wrung-out mop

allow to dry
